ABOVE GROUND LINER ORDER FORM

Circle Bead Type

A-Bead **J-Bead** **Overlap**

Liner Pattern

Wall and/or Tile Pattern: _____

Bottom Pattern: _____

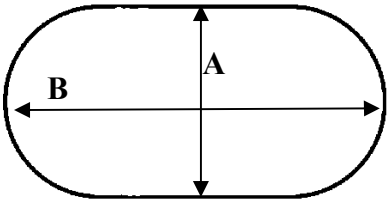
Circle the drawing that indicates the shape of your pool.
Then fill in the following information:

A: _____

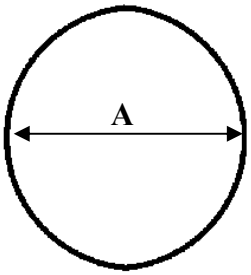
B: _____

Wall Height: _____

Oval



Round



Note: All standard above ground pool liners must have at least 2" thick pool base and a minimum 4" x 4" cove around the entire perimeter. Be sure to provide this information to the person installing your liner. Improper installation will result in liner failure and is not covered under any warranty. The following table indicates the minimum amount of vermiculite needed to add a 4" x 4" cove to the pool sizes indicated. Additional vermiculite may be required.

Pool Size	# of bags		Pool Size	# of bags		Pool Size	# of bags
10' Round	1		24' Round	3		36' Round	4
12' Round	2		27' Round	3		12'x24' Oval	2
15' Round	2		28' Round	3		15'x33' Oval	3
18' Round	2		30' Round	3		18'x36' Oval	3
21' Round	2		33' Round	3			

Please note that all liners must be paid in full before the liner is ordered. The average shipping time from the date of order is approximately two to three weeks (Continental US only). Your liner will be manufactured as per the information you provided above. Once ordered, liners are non-returnable. Returns, or exchanges will not be allowed.

I certify that the above information is correct and I understand and agree to the above terms.
